Fun Tuning

inside: RADIO GRENADA

Reliable SWBC for the 80's

Go for the totals!

CORRECTION

A big N2DXA apology goes out to William Kyle. In the October FT we errantly reported that Mr. Kyle, a long time member of the N2DXA, SASWA, & the VFW, had been sentenced to life imprisonment in connection with the brutal knife murders of several Youngstown, Oh. schoolchildren. What we meant to say was that Mr. Kyle had been named 'DXer of the year' by the Greater Ohio Shortwave Hobbyists (GOSH). Congratulations, Mr. Kyle.

ICELAND

The Association of Oregon DXers is sponsoring a DXpedition to Iceland next March. Anyone who wants to go along should send \$400.00 and a long letter of explanation to: AODX, P.O. Box 8, Elk Run, OR. Participants are reminded to bring at least 5 pairs of heavy socks, 3 parkas, your best cod-fishing reel, and lots of reading materials.

NOTICE

The recent flood of mail has prompted the following address change. From now on, requests for N2DXA publications will go to P.O. Box 8 Parkhill, Pa. 15945. Comments, questions, and other correspondence should now go to P.O. Box 8, Tire Hill, Pa. 15959. A good rule of thumb to follow is: If it has money in it, send it to the Parkhill address. Otherwise, send it to Tire Hill

In this issue of Fun Tuning, you may find:
DXing in the Weather by Oscar Simpson.....p 4

Digital Readouts- Do we really need them?
by Walter Mathews.....p 7

SW Piracy- is the Death Penalty the answer?
by Sven O'toole.....p 68

Do animals DX? by Marlin Perkins.....p 93
